

STUDENT TRANSPORTATION FROM STUDENT ACTIVITIES

The RSU 19 Board of Directors believes that the safety of our students is extremely important. In that light, when the district provides transportation for school related events, the expectation is that those students participating will ride the proposed transportation to and from the scheduled event. Parents may be allowed to provide transportation if the coach/teacher/advisor or school representative is made aware of these arrangements prior to the trip. The student will be released only directly to the parent or guardian. In this case, the parent/guardian is expected to put this request in writing.

EMERGENCIES:

In emergency situations, the activity director or head coach may grant exceptions on a case by case basis, for extra ordinary circumstances. A student may be released directly to a parent/guardian or authorized individual with an appropriate notarized or written/signed note from the parent or guardian. Again, the child will be only released directly to the authorized individual.
