Second Grade

Second grade classes are raising butterflies that will be released in the next week or two. We would like to thank the PTO for purchasing the kits.

Newport/Plymouth Elementary School was very fortunate to have a guest reader in our classrooms. Army Staff Sgt. E6 and Fire Prevention Safety Officer Tim Vashon joined our classrooms to read a story. We appreciate the opportunities for community members to share some of their favorite stories with our students.

We Gave 100%

Spring is a very busy time of year for students. They have been working hard completing state testing as well as district testing. As the school year is beginning to wind down, students continue to give 100%. We are thankful for all of the support at home with homework, special projects, and commitment to your children's education.

PTO

The staff at Newport/Plymouth Elementary School would like to thank our PTO for the items on our wish lists that were purchased by PTO. PTO invests a significant amount of time all year planning activities, events, and fundraisers to support the students and staff at Newport/Plymouth Elementary School. We are grateful for all of the time and work the PTO puts into supporting our students and staff.

First Grade

First grade students have been observing ladybug larvae grow and change into adult ladybugs. We would like to thank the PTO for purchasing the ladybug larvae for the first grade classes.

Students in grades three and four have been working very hard completing their eMPower state testing. They have completed the math and ELA portions of the test. They will complete the writing component of the test in May.

Newport/Plymouth Elementary School's Student Pledge

Newport/Plymouth School is a family, and I am a member of that family. As a member, I pledge to treat other people kindly, to respect other people and their property, to make the school safe, calm and peaceful, to learn self control, and help others do the same. One school, one family, with respect and dignity for all.
